Systems**

# Koi Handling Sock Net

*Show care for your customer's pet and demonstrate your effort to keep their new pet healthy!*

## **Reduce fish stress and injury**

Koi are never out of water!

Makes packaging fish  
quick and simple.

Ideal for fish retailers.

**Order now to  
be ready for the  
2009 season**

1. Select Koi from tank with an appropriate sized dip net.

2. While keeping Koi submerged in water, immerse sock net, then slowly approach to capture the Koi.

3. Fish feel safe in sock net.

4. Maintain water level in sock net by holding mesh end closed.

5. Gently place fish and water into transport bag.

6. Release mesh end of sock net. Koi glide out with ease.

**Available  
in 2 sizes**

**Small - for fish up to 12" \$ 69.95  
Large - for fish over 12" \$99.95**

**Once you've used  
our sock net you  
won't know how  
you sold fish  
without it!**

**High Quality & Durable**

***Ours are still in use after 8 years.***
